

LUOYANG XINGHE SPECIAL TYPE TRANSFORMER - Quotation

Buyer: Trinity Nyakabingo Mine Ltd.

Supplier Name: Luoyang Xinghe Special Type Transformer Co.,Ltd

Email: rogers@tincogroup.com

Contact person: Jolie Li

Tel: +86 16668068708

Contact: Rogers Bureshyo

Email: Jolie@xinghetb.com

Web: www.xinghe-electric.com

Quotation No#: XHW2400176

Factory address: LuHun Industrial Development zone, Luoyang, Henan, China

WhatsApp: +86 16668068708

Date: 30/Aug/2024

Validity period: 20 days

Warranty: 18 months

ITEM	MODEL	DESCRIPTION	UNIT PRICE (USD)	QTY(SETS)	TOTAL PRICE (USD)	
1	15KV Fully inflatable cabinet SF6	1 Input (50A) + 2 Outlet (20A+20A)	\$10,980	3	\$32,940	 
2	Resistance Tester	XG3000	\$1,100	1	\$1,100	
TOTAL PRICE				4	\$34,040	

Notes:

The abovesaid parameters are design data, which is subject to the finished product,if there is any data deviation.

Payment terms: 50% T/T deposit and 50% T/T before leaving factory.

Delivery time:30 working days after receiving the deposit.

Packing: Wooden Case for Export

Orign of Country: CHINA

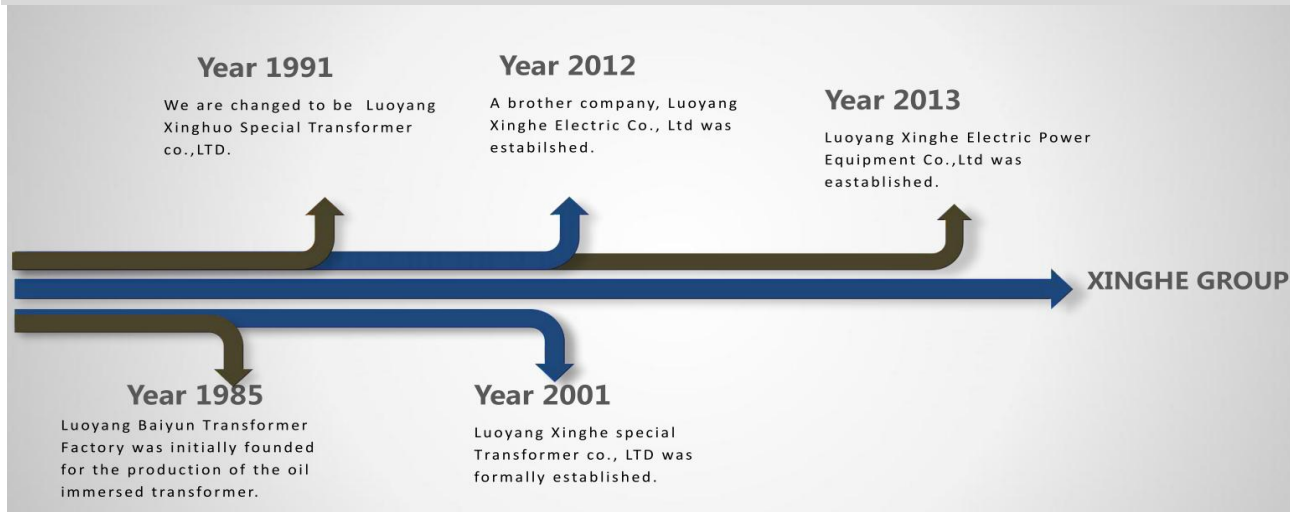

Product Brand: XINGHE

Xinghe Advantages:

The factory covers an area of 92,000 square meters and has almost 500 employees. The company has two modern production bases, to create the products and processes with our own characteristic, economic and technical index is advanced, the modelling novel, beautiful, completely beyond or conform to the requirements of the national and industry standards, key performance indicators to meet international IEC standards, to ensure the operation efficiency, safety, environmental protection and reliability of the product, favored by customers at home and abroad.

Xinghe Development History:

Xinghe Main Products:

The company's main products are divided into five categories: under the capacity of 110kv power transformer, energy efficient transformer, medium frequency furnace transformer, furnace transformer, rectifier transformer, box substation, high and low voltage distribution equipment, and also with the annual production capacity of 13 million KVA of various transformers.

Among them, the largest single generator transformer is 50000 kva/35 kv, the transformer of substation is 63000 kva/35 kv, the transformer of electric furnace is 36000 kva/35kv, and the rectifier transformer is 36000 kva. In addition, it can provide systematic solutions and products to meet the various routine and special needs of different users in domestic and international power systems, coal, chemical, and smelting industries.

Xinghe Factory:

Xinghe Project List:

1 & 2
Construction Site of SZ11-16000/35

SZ11-10000/35 State Grid Songxian Manyu
Substation Installation
