1. Background:

Wheel Loader Engine Incident.

On 18th April we received the mechanic team from Tractafric to do an inspection and the scanning of all the heavy machines as requested by Trinity Musha Mines Ltd (Previously Piran Rwanda Ltd). After the inspection there was testing. During testing unfortunately, the wheel loader broke the engine block. The incident was reported to Tractafric and they accepted the fault but requested to share the loss. They shared a quotation which was very high so we requested for formal meeting to negotiate for price reduction. We held several meetings with the Tractafric to negotiate on the quotation for the repair of Wheel Loader Engine however their prices remained high. The total cost of the Engine is 74,851,208Rwf, Trinity Musha to pay 50% of the Total Cost (37,425,604Rwf) and Tractafric carter for remaining 50% (37,425,604Rwf).

2. Enquiry:

- 2.1 Due to high prices charged by Tractafric, 37,425,604Rwf for Engine and Cylinder Head of 19,785,000Rwf (Total of 57,211,300Rwf VAT exclusive). we decided to look for alternative suppliers (Global Equipment Parts Ltd and SN Machinery) for price comparison.
- 2.2 The Price for Global Equipment Parts Ltd and SN Machinery combines both Engine and Cylinder Head.
- 2.3 Global Equipment Parts Ltd offers lower price and better payment terms (40% Advance payment & 60% balance payment after delivery, installation and commissioning).

3. Financial Comparison:

No	Description	UoM	Quantity	Tractafic Equipment		Global Equipment Parts Ltd		SN Machinery	
				Unit Price	Total	Unit Price	Total	Unit Price	Total
1	Full Engine Reused	Each	1	37,426,300	37,426,300	47,000,000	47,000,000	55,000,000	55,000,000
2	Half Engine (Cylinder Head)	Each	1	19,785,000	19,785,000				
	Sub-Total				57,211,300		47,000,000		55,000,000
	VAT 18%				10,298,034		8,460,000		9,900,000
	Total				67,509,334		55,460,000		64,900,000
	Warranty				1 year		6 months		6 months

4. Recommendation:

Global Equipment Parts Ltd is recommended for supply of fully reused/refurbished engine for Wheel loader at 55,460,000Rwf VAT Inclusive. They offer better payment terms (40% Advance payment & 60% balance payment after delivery, installation and commissioning), the works to be completed in 60 days after receipt of advance payment, and 6 months warranty period after installation and commissioning.
