No	Description	UoM	Quantity	Mateec Limited		Techno Mark Corporation Ltd		Maison Technique de Kigali	
				Tender Validity	Delivery Days	Tender Validity	Delivery Days	Tender Validity	Delivery Days
1	Used Generator Motor 250Kva	Each	1	15,000,000	5 Days	31,355,932	10 Days	38,135,593	10 Days
	Sub-Total			15,000,000	35% Advance payment, 50% after delivery and 15% after guaranty period	31,355,932	100% Advance payment	38,135,593	100% Advance payment
	VAT 18%			2,700,000		5,644,068		6,864,407	
	Total			17,700,000		37,000,000		45,000,000	
	Warranty				6 month		1 year		6 months

Comment: Mateec is recommended because they are offering a fair price for just the motor, while other sellers are only offering to sell the complete generator. While Trinity musha has generator electrical part which is in good condition to be used, we only need Motor part.

Subject: RE: RE: Request for approval on Sole source motivation

Dear Jerome and Team,

Yesterday, we conducted a market survey with our technical team to assess the type and condition of the generator engine required for purchase. We also had discussions with suppliers regarding terms and conditions. In this regard, I have attached the adjudication for three suppliers and have recommended one for your review and approval.

Please note that your response to this email will serve as authorization for the adjudication approval.

Thank you.

Subject: RE: RE: Request for approval on Sole source motivation

Dear Sebastian,

Sole source motivation not approved. Since the survey team visited many suppliers, proceed to do a sourcing adjudication with a proper recommendation. I have enclosed for you adjudication templates to use.

Also, discuss with the recommended supplier to get confirmations; on payment terms, certificate of ownership (if advance payment is applied), and warranty period or defects at installation as the engine looks to be used or second hand.
