

THE CHAIRMAN
Rwanda Association of Petroleum Products Importers (ASSIMPER)
KIGALI – RWANDA

Dear Sir;

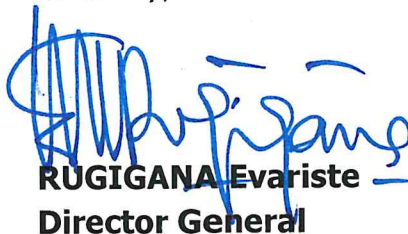

Re: Applicable Fuel Pump Prices for February – March 2025

I would like to inform you and all members of the Association in general that the maximum fuel pump prices, applicable in Kigali, for the period of **February – March 2025** are revised as **1,633Frw/L** for Gasoline (PMS) and **1,647Frw/L** for Diesel (AGO), effective from 09 February 2025, 06:00 AM.

These fuel pump prices are revised in consideration of eventual changes of factors registered at the international market affecting the domestic market.

These fuel retail prices are expected to be revised again at the beginning of April 2025 to consider the eventual international price changes affecting the retail prices on the Rwandan Market, among other factors.

Sincerely,

RUGIGANA Evariste
Director General
