**Subject:** Approval Request – Returned Procurement Requisitions (Priority Items marked)

Dear Evode,

Several procurement requisitions that were previously returned for budgetary reasons remain outstanding. I have re-attached the files with their lists; any item stamped "PRIORITY" now poses an immediate risk to operations if further delayed, and I respectfully request your approval to proceed with these purchases.

While the other requisitions are not tagged as immediate priorities, they are still essential and will soon become critical. Please advise when funding can be released for these items so that we can coordinate our work accordingly.

Thank you for your guidance and approval.

Best regards,
