Subject: FW: Few materials

Dear Justin,

I'd like to request your support.

We are having a shortage of drill bits and hose pipes. Although we ordered those items, they will most probably be delivered when our stock will be empty. This is why we would like to borrow from your stores: 300 drill bits and 20 rolls of hose pipes. If approved, the supply chain colleagues of Rutongo will coordinate with your team. We shall return you the same quantity once our order is delivered.

Thanks and best regards,

Evode Imena

Dear Evode,

Due to the shortage of drill bits we currently have, we would like to request 300 pieces from Nyakabingo. Also, while we are waiting for the delivery of our flexible hose pipes, we would like to request 20 rolls of HDPE rubber pipe (17m/roll) from Nyakabingo, as we found that they are needed both in mining operations for air supply and at the plant.

Regards,

Liberatha FURAHA
