Subject: RE: DFC TA4 site visit logistics arrangements and budget

Yes Sam, approved in principle but subject to us having a discussion tomorrow, I have a few questions around the plan. I will be at Nyakabingo tomorrow morning, if you are there lets talk in person otherwise on a call

Thanks

Peter

Subject: DFC TA4 site visit logistics arrangements and budget

Hello Peter!

From Monday the **28th July** to **6th August 2025**, a team of 6 consultants from Groundtruth will be coming to site for hydrological modelling, floodline determination and hydrocensus field work. This is part of DFC TA4 on legacy tailings and river rehabilitation and the team will mostly be moving together from site to site. We have realized that there is no enough accommodation and transportation available on our mines and it's been challenging even hosting two consultants.

I therefore request your approval to host these guys offsite (in Kigali) and provide a separate transport arrangements in order not to disrupt the operations on site. The total estimated budget for this activity is **7,020,000 Frw**.

Attached is the visit plan and budget proposal for your approval.

Regards,
