Dear Mbanza, Sebastian,

Adjudication approved.

Since 4Flow is down, I recommend that you proceed with issuance of a manual PO to the vendor. This would be regularized once 4Flow system is restored.

Note: separate email is to be sent with details on way forward in period that 4Flow System is down in regards to: Issuance, Receipt and Ordering.

Kind regards,

Dear Mbanza, Seba,

Let us wait for tomorrow morning to make the decision, the ICT team is working tirelessly with 4Sight to restore 4Flow system.

If system is still down tomorrow morning, then we will take the manual approval process.

Dear GM/Jeome,

Please refer to the email below from our supplier regarding the approved new type of jackhammers.

Due to the current downtime we are experiencing with the 4Flow system, we are unable to create a PR and convert it into a PO to facilitate payment. In order to avoid any negative impact on our operations, especially with the upcoming Chinese holidays period, I would like to request your approval for Finance to process the payment based on the attached quotation and adjudication.

I also kindly request your review and sign-off on the attached adjudication.

Your prompt support will be highly appreciated to ensure continuity of operations.

Thank you.

Commercial Recommendation Motivation:

TAIZHOU EFFTOOLS is the existing supplier of the jackhammers. However, the previous order had quality issues. We are currently waiting for a new order of 200 jackhammers, which is expected to arrive at our stock around January 25th. Taizhou Efftools will resume operations only after the Chinese holidays. In the meantime, we have decided to proceed with JISHUA MUGISHA, who has stock readily available of the JEISHIDA brand. This will allow us to maintain supply while waiting for our shipment to arrive and for the Chinese holidays to conclude, after which we can place a new order.
