Hi Jelly.

David advised of adding a surge protector to protect the appliances (A surge protector is a device that protects electrical appliances from sudden spikes in electricity (shock absorber)).

Let's have it added on the quotation and then, I will proceed with PR.

Kind regards.

**Subject:** Request for Review and Approval of kitchenware Quotation

Dear David,

Further to your request, I listed all the necessary kitchenware required for the Group Office at Rutongo and prepared the details for a potential purchase requisition.

I shared the list with the Rutongo procurement team, who engaged with a supplier accordingly. Please find the supplier's quotation attached for your review.

I kindly request your approval and any suggestions you may have before I proceed with raising the purchase requisition for the kitchenware listed in the quotation.

Thank you for your guidance.

Kind regards,

Moses
