Dear Peter,

hope all well, kindly find attached the booking order for your signature (done in RWF for the euro equivalent, as we have a company registered in Rwanda for the purpose, if ok by you?) for the gold sponsorship, so we can start to implement the deliverables immediately and connect Moses and Lydia to our team. If you could also send the Trinity Metals official logo pls.

Have a great day,

Frederic

Dear Peter,

It was a pleasure meeting you last Friday, and thank you again for the constructive discussion.

As agreed, please find attached the **two proposed sponsorship opportunities** for Trinity Metals at the Africa CEO Forum 2026:

- **Gold Partner**, which includes a branded exhibition stand and strong on-site visibility
- Or
- **Industry Partner**, which includes a guaranteed speaking slot on a dedicated panel session

While the Gold Partnership does not formally include a speaking slot, I am confident that the programme team would have no objection to welcoming you on the mining panel, given Trinity Metals' profile and relevance to the discussions.

For your full reference, I have also attached:

- The **draft programme** of the Africa CEO Forum 2026
- A **short presentation video** of the Forum :<https://www.youtube.com/watch?v=9c8rJcpzV8I>
- The **post-event report from the previous edition**, highlighting impact, audience profile, and key outcomes

I would also like to underline that there are provisions to organise a **press conference during the Africa CEO Forum**, should Trinity Metals wish to announce a transaction, partnership, or any strategic milestone during the event.

As discussed, I look forward to your confirmation so we can move ahead and start building strong visibility and momentum for Trinity Metals in the lead-up to the Forum.

Please let me know if you would like to discuss any aspect in more detail.

Kind Regards

Good-day Frederic

Apologies for the belated response, I have been caught up with new year busy time syndrome. Yes, it will be a honor to participate in the event. I understand from the RDB that you will be in Rwanda next week and I have been invited to a meeting at the RDB on Friday 30 Jan which I will attend. Do we need to speak before this or will we meet on the day?

Dear Peter,

I hope you are doing well.

As we begin preparations for the **Africa CEO Forum 2026 in Kigali (14–15 May)**, I wanted to reach out and highlight what could be a timely opportunity for **Trinity Metals** to engage with the continent's most influential business platform. Since its creation in 2012, the Forum has become the leading annual gathering shaping Africa's private-sector agenda and building high-impact coalitions between CEOs, investors, and policymakers.

Video highlights 2025: <https://www.youtube.com/watch?v=9c8rJcpzV8I&t=30s>

Please find attached the presentation and last year's post-event report for your review.

Below is a brief snapshot of what the Africa CEO Forum represents:

A Strategic Platform

Each year the Forum convenes more than 2,000 high-level participants, including:

- **1,000 CEOs** of Africa's largest corporations, investors, and entrepreneurs
- **Executives from 1,200 companies** operating across the continent
- Participants from **75+ countries**, fostering a truly global business environment

A Unique Content & Networking Experience

Over two days, the programme features:

- **60+ agenda-setting sessions**, keynote addresses, CEO dialogues, and high-level roundtables
- **400+ government officials and public-sector leaders**, offering direct channels to advance strategic issues and unlock opportunities
- **500+ women leaders**, one of the strongest representations globally

Why Participate or Sponsor?

- **Strategic networking** with Africa's most influential decision-makers
- **Unmatched visibility**, supported by major media coverage (1,000+ articles, 650K+ social engagements)
- **Business impact**, with billions of dollars in partnerships and deals initiated at the Forum over the years

The **2026 edition in Kigali** will once again bring together the leaders shaping Africa's industrial, mining, financial, and energy future. It would be an excellent moment for Trinity Metals to reinforce its regional leadership and engage with key stakeholders from government, finance, and industry.

I would be very glad to discuss the opportunities that could fit your current priorities.

Kind regards,

Frederic
