Objectives (i.e. what do you wish to learn or accomplish from this program) Please make a summary of the specific and measurable objectives to achieve:

1. **Explore Innovations:** Gain exposure to the latest technologies in geotechnical engineering that we can apply to improve operational efficiency and safety. (Evaluate software for use in geotechnical mine design at Rutongo, Nyakabingo and Musha)
2. **Gain Practical Insights:** refine inhouse geotechnical processes by learning from the technical visit to a deep South African mine
3. **Improve Risk Management:** Learn from technical experts (presentations and networking) on critical topics allowing me to add more value in geotechnical risk management at our diverse sites.
4. **Develop Professionally:** The conference is a validated CPD activity (SAIMM) and it offers a chance to network with peers and researchers which will benefit our entire team.
