Subject: RE: Ordering adding 2 months safety stock.

Dear David,

We started the process of ordering for additional safety stock, but some of our colleagues in finance want to your approval of the below estimated amount. Kindly note that this is subject to change to +, - 10 to 20% probably, because in calculations we used the average unit cost from the system.

Mine	Average Cost Impact If all Qty Funded (From Column S)
RML	258,082,015.23
TNL	314,338,783.87
TML	251,109,263.96
TOTAL	823,530,063.06

Kindly approve this for the PRs to proceed. thank you
