This needs change.

Please set out the next steps and can you provide regular progress updates please.

I'm afraid I believe this has lacked leadership and on the ground oversight.

Hi Alexis,

It is clear that our management of fleet has not been great... I had to instruct people to pay for fines under their vehicles even though they might not have been their fines. I would like to ask [@Salim Rutabingwa](#) to be on top of this going forward and reminding people it is their responsibility to make sure that their vehicle is in good condition and that any defects are reported on time.

That being said, let us clear the issue here.

Dear General Managers,

As earlier discussed with you, the attached is the file with settlement to Eagles Solutions that requires your approval to conclude finally with this service provider.  
We need to set meetings with all vehicle users (Group staff and Site staff) to remind them the enhancement of vehicle inspections and checklist completion at each handover time, and the responsibilities of staff who are assigned to drive day to day company owned or leased vehicles.

Much appreciation for the continued cooperation and support to get this issue closed.

**Subject:** Eagles Solutions Claim settling

Dear David, Mike, Jeome and GMs

After payment for the rental of March, which was the last rental month for Eagles Solutions Ltd, we had discussion with its GM to understand what he was claiming in previous communication and get him reduce the cost.

After some discussions, we have concluded to the below and in attachment figures from 10,035,900frw to 6,242,200frw as the last cost with a saving of 3,793,700frw.

<b>Grand Total Now After negotiation</b>	<b>6,242,200</b>
Total Before Negotiation	10,035,900
<b>Savings</b>	<b>3,793,700</b>

The savings is coming from the tools found, reduced cost and cleaned traffic fines; He insisted that we better pay him within 7days and all be sorted out and concluded.

I appreciate your support to get this case closed. Thank you.
