To be clear, if you are required to withhold any withholding type tax ("WHT" or similar levy) from any amount payable to Micromine, Micromine will gross-up invoice revenue amounts (using the relevant WHT rate) to ensure it receives the net amount it would have received had no such withholding been made.

**Offer:** This Quotation contains Micromine's offer and proposal to **"Trinity Metals Limited"** to supply the itemised software, goods and/or services for the Term and Amount set out above subject to the Terms and Conditions below.

### Terms and Conditions:

- You shall not access, use, or allow access to or the use of any Micromine Services, Software, or Goods in or for the benefit of any party in Russia, the Democratic People's Republic of Korea, Iran, Syria, or Libya. By acknowledging this restriction, you agree and understand that any such unauthorized access or use will result in the immediate termination of the agreement between you and Micromine, along with forfeiture of any payments already made. Micromine reserves the right to unilaterally amend the list of prohibited countries by providing written notice to you.
